

# 1500FR

## 4" OCTA ROUND KNIFE

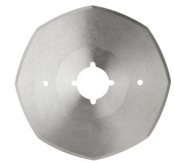

The Reliable 1500FR can cut from a single ply of fabric right up to 1" high, making it a very versatile, lightweight machine. Perfect for sample making or other light-duty operations.

The combination of the octagonal blade, with carbide tipped and spring loaded lower blade, prevents the fabric from jamming. An extra thin base plate and light die cast design make the 1500FR a pleasure to operate.
